Corporate Overview

Contractors Plus Roofing & Construction, LLC is a premier provider offering a range of services, from roofing to emergency solutions, including tarps and debris cleanup. Our specialization includes gutter chimney, floor cleaning, as well as power washing for building exteriors, parking lots, and fences. We also actively support maintenance and operational needs within various facilities, ensuring a holistic approach to our Federal, State, & Local government clients' requirements.

- Committed to exceeding customer expectations, we developed **CPRC LeanBuild**, a bottom-up approach, emphasizing collaborative team commitment.
- Our proprietary system implements a versatile production planning system tailored for any project and saves time.
- Our dedication lies in the efficient management of workflow and the establishment of building reliability serving our clientele, where we aim to deliver unparalleled quality, service, and save money.

Past Performance

- Housing & Urban Development
- City of Dallas, City of Garland, City of Montgomery
- Sam Houston State University
- TXDOT
- Azteca/Omega

Differentiators

- We proactively identify and remove constraints ahead of time, we ensure a seamless execution of work, consistently achieving 95-100% on-time project completion.
- The integration of our production planning system provides us with daily project insights, enabling us to accurately allocate resources and enhance reliability, efficiency, and overall task effectiveness.
- We are proven in cutting time wasted by 20-25%, reflecting our commitment to optimized processes and successful project outcomes.
